ABOUT SINDA EXCELLENCE AWARD (SEA)

The SINDA Excellence Award (SEA) is the highest honour bestowed by SINDA to Indian students who have achieved excellence in their respective academic, arts and sports fields. The success of the students is a testament to their diligence, perseverance, and passion to excel.

SINDA introduced the SEA Awards in 1992 to celebrate and give recognition to the students for their achievements and their spirit of excellence. The award was then known as the Academic Excellence Awards. In 2008, in line with the robust changing educational landscape, SINDA started to recognise students who had excelled in the areas of sports and arts in the spirit of holistic education. The inclusion of these non-academic categories resulted in the awards being renamed as SINDA Excellence Awards.

The academic recipients this year range from PSLE students to local and overseas bachelor's degree graduates. The Arts and Sports recipients include students and youth who have excelled at their respective institutions and/or had represented Singapore at various national competitions.

SINDA Excellence Awards has seen an increasing trend over the past three years. This year, 851 recipients will receive certificates and cash awards in recognition of their outstanding performance in the fields of academics, sports, or arts.
